LETTER OF AUTHORISATION

This is to certify that having satisfied the requirements, the Administration of St. Kitts and Nevis approves **Normec Verifavia SAS**, as a Service Provider, a "Verifier", to undertake data collection, verification and reporting under the IMO's Data Collection System (DCS) and Carbon Intensity Indicator (CII) regulations for vessels flying St. Kitts and Nevis flag, including the issuance of related statutory certificates confirming vessels compliance with these regulations on behalf of this Administration, in accordance with the relevant provisions of MARPOL Annex VI.

This approval is granted under condition of Normec Verifavia SAS maintaining a valid Accreditation Certificate confirming that the Verifier meets the requirements for the conformity assessments activities.

The Verifier is required to inform the Administration when the relevant audits/verifications under DCS and CII have been carried out and certificates have been issued to endorse St. Kitts and Nevis registered vessels as compliant with the relevant provisions of MARPOL Annex VI; and provide this Administration with copies of issued/approved SEEMP Part II and SEEMP Part III, issued copies of Confirmations of Compliance (CoC) and Statements of Compliance (SoC).

The decision to use the services of this Service Provider is the sole responsibility of Shipowners/Ship Managers/Ship Operators of the vessels.

This Letter of Approval is issued for 5 years and valid until 14th August 2030.

Yours Truly,

Ms. Gail Stoll
International Registrar of Shipping and Seamen
