Introduction

Normec Verifavia offers an in-depth and modular training program to deepen your understanding of key maritime regulations, focusing on monitoring, reporting, and compliance obligations.

Training Objectives

Upon completion of the training course, participants will be able to:

- Explain the function and requirements of IMO DCS, CII, EU MRV, UK MRV, EU ETS, UK ETS and FuelEU Maritime regulatory frameworks.
- Describe the roles of the key stakeholders involved in the Monitoring, Reporting, and Verification (MRV) process.
- Strengthen and enhance your monitoring and reporting processes in line with international and regional maritime regulations.

Training Presentation

IMO DCS + CII

- Detailed understanding of the IMO Data Collection System (DCS) and Carbon Intensity Indicator (CII) regulations
- Application of CII correction factors and recent developments
- Latest Amendments and Clarifications (MEPC 80 & MEPC 82)
- Biofuels and Their Impact on CII Ratings
- Risk Mitigation Strategies for Low Ratings
- Enforcement Pathways and SEEMP Part III Alignment
- Practical scenarios and test cases

EU MRV, UK MRV, EU ETS & UK ETS

- Detailed overview of EU & UK MRV and ETS regulations
- Requirements for monitoring, reporting, verification, and emissions data
- EU & UK ETS calculations, compliance obligations, and allowance surrender
- Understanding exceptions, derogations, and key differences between EU and UK requirements
- MRV & ETS integration, verification, deadlines, and audit requirements
- Practical scenarios, calculations, and data quality best practices

FuelEU Maritime

- Detailed overview of the FuelEU Maritime regulation
- Requirements for monitoring, reporting, and verifying fuel consumption and emissions
- GHG Intensity Calculations & Role of Renewable Fuels
- Compliance obligations, including exceptions and derogations
- Understanding of Flexibility Mechanisms such as Pooling, Banking, Borrowing and Penalties
- Practical scenarios and test cases

Who Should Attend

This training is a must-attend for maritime professionals responsible for emissions reporting and regulatory compliance, including:

- Navigating officers and engineers
- Environmental officers and compliance managers
- Technical superintendents and fleet managers
- Designated Persons Ashore (DPA) / Company Security Officers (CSO)
- Regulatory affairs personnel
- Consultants and IT system providers

Training Schedule

Date	Training Topic	Time (CET)
Tuesday, 17 November 2026	IMO DCS + CII	0930 – 1300
Wednesday, 18 November 2026	EU MRV, UK MRV, EU ETS & UK ETS	0930 – 1300
Thursday, 19 November 2026	FuelEU Maritime	0930 – 1230

The training sessions will be conducted **online**.

Payment Terms

Module	Price per Participant
IMO DCS + CII	€600.00
FuelEU Maritime	€600.00
EU MRV, UK MRV, EU ETS & UK ETS	€600.00

You may select any one, two, or all three modules depending on your training needs. The price is calculated per participant, per module.

Please note:

Below in the form, kindly indicate the name of module(s) you wish to attend. The total cost will be calculated based on your selection:

- 1 module = €600
- 2 modules = €1,200
- 3 modules = €1,800

Early bird registration open till 30 September 2026. Submit the form before the deadline to get 10% off on each module.

Invoices will be sent once signed agreement with participant details is received, with full payment required before the training begins.

The **whole payment** shall be made before the beginning of the training. Any delay would lead to the cancellation of the training agreement.

Training access links will not be shared unless full payment is received prior to the start of the training.

The Fees are exclusive of any applicable taxes, charges, levies, fees or duties of any governmental authority applicable to the Fees and the candidate shall pay any such **taxes, charges, levies, fees** or duties provided it is charged by Normec Verifavia in accordance with all applicable tax laws.

Payment of the fees shall be made without any set-off or counterclaim (and to the full extent permitted by law, the parties renounce to such right of set-off) and free of deduction or withholding (except as required by law) of any taxes or governmental charges. If any deduction or withholding is required by law, the candidate shall pay the required amount to the relevant governmental authority, provide Normec Verifavia with an official receipt or certified copy or other documentation acceptable to Normec Verifavia evidencing the payment, and pay to Normec Verifavia in addition to the payment to which Normec Verifavia is otherwise entitled under this training Agreement, such additional amount as is necessary to ensure that the net amount actually received by Normec Verifavia free and clear of all taxes equals the full amount Normec Verifavia would have received had no such deduction or withholding been required. This training Agreement shall in all respects be governed by and construed in accordance with the laws of France.

Please send us a payment confirmation at training.verifavia@normecgroup.com once payment transfer has been completed. Training participants will not be accepted, and the training certificate will not be delivered before receipt of full payment.

Cancellation conditions:

Participants can appoint a substitute in case of any exigencies. Otherwise, cancellation conditions apply as follows:

- Full amount is due if cancellation is submitted later or if the participant starts the training course but does not appear connected after.
- Normec Verifavia reserves the right to cancel or postpone training for exceptional reasons. Any sums collected are then returned in case of cancellation

Registration:

Please fill and sign the agreement form in this document to register to the training course and send it to training.verifavia@normecgroup.com
